Are there any hazardous materials (covered by the most currently adopted Fire Code) involved in any way with this application? _____ YES _____ NO

I hereby state that the above information is correct. I recognize that the approval of plans and specifications does not permit the violation of the building codes, fire codes, city/town/county ordinances, or state law. I consent to provide entry to inspectors during normal business hours and to request inspections as needed. I consent to pay the Fire Department plan review fees and permit fees pursuant to Section 32-1-1002 (1)(e)(II), C.R.S. as amended, and any re-inspection fees that may be required. This PERMIT is valid for the above-mentioned address only, for the permit period specified, and is not transferable.

Two sets of plans and a completed application are required with all plan-review submittals.

*******Additional Fees*******

- Additional inspections: \$200.00 for the first two (2) hours (minimum), \$75.00 for each additional hour or portion thereof. Requests for Temporary Certificates of Occupancies or for partial Certificate of Occupancies shall be included in this section.
- Permits required by the International Fire Code: All permits and certificates, as required by the most currently adopted version of the International Fire Code shall be \$200.00.
Exception #1: No fee for open burning permits issued by the Fire District or County Fire Mitigation Officer.
- Construction or Installation without a Permit: When construction work has started without a permit as required by this Resolution, all work on the job shall be halted until the required fee is paid. The responsible party may be required to pay a fee which is double that required in items 2-3.
- Variance Request: Any request to go before the Appeals Board as defined in the International Fire Code for an alternative materials or methods request shall be subject to \$100.00 per request. The Appeals Board may only rule on alternate materials or methods as outlined in the International Fire Code, they are not permitted to rule on specific or administrative items in the International Fire Code.
- Use of Fire Department Equipment: \$250.00 per hour, or portion thereof, per vehicle with a one hour minimum. New fire hydrants may be subject to a fee of \$100.00 per hydrant for testing and acceptance.

Fees are set per Red, White & Blue Fire Protection District Resolution Annually.
