**Responsible Party** \_\_\_\_\_ **Telephone** \_\_\_\_\_

**Mailing Address** \_\_\_\_\_ **Zip Code** \_\_\_\_\_

This application is for a special permit for the use of a tent, canopy or temporary membrane structure as required by the International Fire Code.

**Permit Requirements:**

- Completed application with accompanying plot plan per tent, per use.
- Permit fee in accordance with the adopted fee schedule published at [www.rwbfire.org](http://www.rwbfire.org).
- Certification of flame resistance from manufacturer.
- Engineering as required by Policy 432.
- An inspection of the structure, prior to occupancy, by a Red White & Blue Inspector.

Structure Dimensions \_\_\_\_\_ x \_\_\_\_\_ = Total Square Feet \_\_\_\_\_  
(if more than one structure please attach a listing of all structure sizes)

Description of use or event: \_\_\_\_\_

Hours of operation: \_\_\_\_\_

**ATTENTION!** Occupancy of the structure without a posted permit or before inspection may result in additional fees or delay in event. An inspection should be scheduled after receiving approved plans and may require 48-hour notice. Permit application, permit card, and certifications of fire resistance must remain with the structure and be available during the event. By signing below you also acknowledge that you have read and will comply with the permit requirements including District Policy 432.
